

Join us on Saturday, June 15th 2024 to celebrate and honor the life of Gabbie Jonas

Sports were a huge part of her life. Football, baseball, golf and especially softball were close to her heart. Usually the loudest person in the room, her family and friends rarely had to wonder what was on her mind. She will be remembered as the fiercest competitor, a loyal and compassionate friend, and a loving daughter, granddaughter, sister, niece and cousin.

All who loved her cherished the time and memories made with her. That is evidenced by the 10000 + photos on her phone. She was unapologetically herself and never one to sugar coat anything as she let everyone know her opinion and how she felt. From arguing with her brothers about which sport was better, softball or baseball, to only discussing college and places to live in Omaha on Sundays at the dinner table. We love and miss her so much!
